WA SENATE ELECTION: VEP TO STAND

On 5 April 2014, the state of Western Australia will head back to the polls for a unique Senate election.

As readers will be aware, following last year's Federal election, the Australian Electoral Commission 'lost' 1400 senate votes from WA. As the voting papers have never been recovered, the High Court of Australia - sitting as the Court of Disputed Returns - has ruled that another full Senate election be held for that State.

As such, Dr Philip Nitschke will again be standing for election, representing the Voluntary Euthanasia Party. Joining him on the VEP Senate ticket in WA will be Exit Member Jim Duffield.

Known as Old Sapper Jim, describes himself as 'a person born in a Nazi camp, who is a Vietnam Veteran, retired Army officer and ex Research Officer for the Aboriginal Deaths in Custody Watch Committee'.

Jim has been wed for 43 years to nurse Yvonne. Together they have five adult kids and eleven grandchildren. Jim is 69 years old and hails from Beechboro WA. A prolific 'Tweeter' - #hackneywick1 - Jim Duffield brings a valuable skills and commitment to the VEP 2014 campaign.

If you live in WA and would like to support financially the VEP's WA campaign, please make a donation via Paypal at the VEP website at: www.vep.org.au

The VEP campaign launch will be at the Wembley Community Centre (40 Alexander St Wembley) on Monday 24 March at 11am. All welcome. Refreshments will be served.

To attend the launch please rsvp by emailing: contact@exitinternational.net or call/ email Jim Duffield on 0405-583-977 or jim44@iinet.net.au.

If you would like to volunteer your time and energy in the run-up to the election, please also make contact with Jim who is organising the logistics.

If you have general inquiries, please contact Philip on 0407-189-339 or Corey McCann - secretary@vep.org.au

NEWS FROM THE WEST LAURIE STRIKE SPEAKS OUT

On Monday 24 February, Exit's 2014 Workshop Series got off to a rollicking start with over 250 people crowding the Wembley Community Centre in Perth to learn about practical end-of-life options, from drugs to gases to poisons.

With the WA media out in full force, many members were able to speak to the ABC / or appear on TV. (including 7, 9 and Ten). Exit thanks those willing to speak out. While Exit does not usually invite media to its meetings, it is pretty common for TV cameras, radio and press reporters to just 'show up'. The reason for the large media presence at the Perth Meeting was the recent publicity generated by Exit Member, Laurie Strike of Mindarie. Laurie is suffering from Melanoma.

Laurie Strike speaking to Philip Nitschke on Channel 9

In the weeks leading up to Exit's meeting, Laurie went public on ABC Perth radio. He told Geoff Hutchinson of his frustration at his lack of end of life options. He said he had a loving family who he wanted to keep safe from the law.

Laurie's emotional and painful call to the ABC started a fortnight of on-air discussion about Voluntary Euthanasia. As timing would have it, the conversation culminated with Dr Nitschke's arrival in the West for the Perth Writers' Festival at the University of WA and for Exit's annual workshop.

At Laurie's request, Philip visited him at his home in Perth's north. Together, the two poured over the *Peaceful Pill eHandbook*, working out which options could be open to Laurie. At the time of press, Laurie continues to battle his cancer. However he remains determined to die on his terms and in his own time, regardless of what the politicians say. Exit fully supports him in this endeavour. Listen to Laurie's interview on Perth ABC at: <http://ab.co/1f9IbaA>

TAKING WORKSHOPS ONLINE

With Australia's new National Broadband Network soon to be available at the door of Exit's Adelaide clinic, the commencement of Webinars was a no-brainer and explains my eagerness in getting Exit Webinars underway. For this reason, I have scheduled our first members & subscribers-only **Webinar** for **Wednesday 23 /Thursday 24 April**. The meeting will feature a walk-through of this month's update to the *Peaceful Pill eHandbook*. The session will allow me to 'meet' readers 'face-to-face' and answer questions in real time. I'll be able to play videos, illustrate by powerpoint and engage in direct conversation with participants whom I expect to be all over the world. I realise that 9.30pm is not the most ideal meeting time for the Brits but it was the only time when most of the world's time zones coincided with Adelaide Australia. And besides you won't need to dress up to attend. Come as you are.

THE WA SENATE ELECTION

The WA Senate Election of 2014 presents a unique opportunity for the VEP to test again the political waters by standing two candidates for Senate places. In this respect, I am pleased to be joined by **Jim Duffield** on the **VEP Senate ticket** for WA. In mid March I relocated the family to the West and can see a busy and challenging campaign ahead. I encourage all West Australians to get behind the campaign and help us have an impact upon both state and national politics at this unique election. For further details visit www.vep.org.au

LAUNCHING MAX DOG IN THE USA

After a lot of talk and much wishful thinking, it was very satisfying to see **Max Dog Brewing** launched in the US in February. Americans can now purchase their cylinder, regulator and tubing online with delivery pledged within two weeks of ordering. Betty from Sarasota Florida is managing the US operations. She is available at: betty@maxdogbrewing.com

NEW EXIT WEBSITE COMING SOON

In the coming weeks, Exit will be launching a wholly-new website. Watch the new *Exit Internationalist Newsletter* for details and further announcements.

EXIT ANNUAL REPORT 2013

The **2013 Exit Annual Report** is now available to all Exit members. For your copy, please call the Exit office on 1300 10 3948. Leave a message and we will mail one to you upon request.

WRITERS' FESTIVALS CONTINUE

One of the especially pleasing things about writing one's autobiography, is the multiple writers' festivals invitations that follow. In February I was pleased to visit **Perth** for that city's festival while March has been the **Adelaide** Writers' Festival and the Golden Words Festival in **Tasmania**. In April I will be speaking twice at the **Newcastle** Festival with Australia's pre-eminent Festival, the **Sydney** Writers' Festival in May.

In this regard I would like to thank the Exit Members who have come along to support me on these occasions. It has been heartening to know that *Damned If I Do* is of general interest and worthy of discussion.

MAX DOG BREWING REPORT

From New York to San Francisco, February was a huge month for Max Dog Brewing in the United States with MDB owner, Philip Nitschke, making his once-yearly pilgrimage to the home of the modern IPA (India Pale Ale) beer, taking his signature MDB Nitrogen brewing business with him.

Having long-promised North America that he would launch the business in that part of the world, February saw this come true. Those in mainland USA can now order their MDB Nitrogen set-ups from *Maxdogbrewing.com*

Folk outside of the US, including Australians, must still request an order form via email, and will need to be members of Exit prior to their order being accepted.

The reason for this is that in Australia, NZ, and the UK, cylinders ship full. In the US, regulations are such that cylinders ship empty with those ordering provided with filling instructions from a local supplier.

Apart from launching Max Dog Nitrogen, while in the US, Philip took the opportunity to attend San Francisco Beer week. Imagine his delight at attending another Nitro Night at Club 540 where Ballast Point served their highly-rated Sculpin IPA on Nitro.

Looking forward, MDB will now focus on rolling out Nitrogen to Canada. In late 2014, it is expected that MDB will ship domestically from within the UK with mainland Europe to follow.

With peak Helium now well in the past, the advent of MDB Nitrogen offers a peaceful, reliable, lawful end of life choice. And, if equipment is removed, this method of dying is also totally undetectable. Remember, Nitrogen is ~ 60% of the air we breathe. This is why at autopsy there is nothing to find (unlike Helium which is never naturally present in the lungs). Dispense or Dispose, it's your choice.

Finally, we hear you say! Exit can now confidently announce the appointment of Payton Begman as the new Sydney Exit Chapter Coordinator. With a background in counselling and psychology, Payton has joined Exit to create an active and well resourced Sydney chapter. Also included in her brief is to help set up, around ten Coffee & Chat local groups throughout the Sydney metropolitan area.

So come along and meet Payton at the **Dougherty Centre** at **Exit's first Sydney Chapter meeting for 2014** on: **Friday 4 April at 1 - 3pm**. Afternoon tea will be served. All Exit members welcome. No RSVP necessary. Further inquiries to: 0498-033-273.

NYC COFFEE & CHAT

In January, a small group of NYC Exit Members and PPeH subscribers met for that city's first Coffee & Chat group. Just as Exit chapters have long done in Australia and NZ, the NYC group came together to share information and news about end of life options; who had got their drugs, where from, for how much and so on. If you live in the US and would like to join a Coffee & Chat in your neighbourhood, let us know at contact@exitinternational.net and we'll do our best to link you up.

ARCHIVING EXIT WE NEED YOUR HELP

Exit is very pleased to announce the arrival of our own in-house Library technician, Adam Schlieben. As his first task, Adam will be compiling a master copy of every newsletter ever published by Exit and VERF. (VERF was the previous name for Exit International and stood for the Voluntary Euthanasia Research Foundation.)

If you have old Exit clippings and mailouts, particularly from the years prior to 2005, please contact Adam or send your newsletter (or a photocopy of it) to PO Box 3013 North Adelaide SA 5006.
