Max Dog Nitrogen Kits Now in USA

New MDB USA

Recent news that cylinder supplies of helium are likely to be diluted with air has prompted Max Dog Brewing to ship Nitrogen Flow Control Kits to the USA (excludes Canada)

Each Kit Contains:

- Compact gas flow regulator fitted with a CGA-580 'O' ring soft-nose enabling connection to the Nitrogen cylinder with no tools required
- The regulator allows for instant checking of the amount of gas in the cylinder with the built-in pressure gauge
- Simple click setting enables the optimum gas flow rate at 15 litres/ sec.

- Gas delivery hose with ample diameter to carry the nitrogen at that flow rate has soft end fittings for easy connections.
- Max Dog Kit with a full cylinder provides a guaranteed 30 minutes of gas flow.

Price: US\$330 inc freight to mainland USA

To order, visit MaxDogBrewing.com

Technical Specs

The new MDB USA system is designed to be compatible with take-home, 20 cu ft Nitrogen cylinders (type: 0916-0145). Full cylinders are available from [Cyberweld Gas](#)

(A full Nitrogen Cylinder retails ~ US\$140 plus freight to USA address).

Read more in the forthcoming September 2015 Update to [***The Peaceful Pill eHandbook***](#)

** **NOTE:** MDB will continue to ship full Nitrogen cylinders in Australia. The above information applies to the USA only.*
